Motivated and detail-oriented full-stack developer with a strong focus on web and frontend development. Passionate about creating user-friendly and efficient digital solutions. Seeking a role where I can apply my technical expertise, problem-solving skills, and adaptability to contribute to innovative projects while continuously learning and growing within a dynamic team.

Work History

11/2024 - 02/2025

Freelance developer

Genesis Ventures, Remote

- Source automations
- Web scraping
- Coding in Python and JavaScript

05/2023 - 05/2024

IT-Consultant (via Academic Work)

Perrigo Nordic, ACO Skincare, Stockholm

As a Business Systems Developer, I leverage my expertise in C#.NET while primarily working with MDriven to enhance and expand business systems. My role involves optimizing internal business applications and websites to improve performance, streamline operations, and support business growth.

07/2022 - 01/2023

Annotation Analyst

Apple, Cork

- AI and machine learning technologies
- Voice recognition and language processing
- Transcription of audio files
- Evaluating Siri responses, and analyzing language usage for accuracy and improvement.

04/2015 - 05/2021

Camp Manager

Stiftelsen Barnens Dag, Stockholm

- Led camps for children aged 8–13, responsible for staff recruitment, training, planning, administration, and budgeting.
- Primary contact for parents, ensuring a safe and supportive environment.
- Managed sensitive information with confidentiality and professionalism.
- Supervised weekend camps for children with various social support needs.
- Provided direct support to children and families.
- Developed strong leadership, adaptability, and crisis management skills.

Education
